

# **Garden Centers Club of Laguna Woods**

This Club was organized to promote the interests and education of gardeners who use Garden Centers 1 and 2 in Laguna Woods Village (LWV). Club activities will provide a forum for gardeners to meet, socialize, discuss problems and to help each other improve gardening skills. Membership is open to all LWV residents who share the Club's purpose and choose to participate in Club activities.

We currently meet 6 times a year and invite speakers such as UCCE Master Gardeners of Orange County to present many different gardening subjects. The meetings are breakfast, lunch, or dinner, often potlucks. Meetings conclude with a plant raffle. Additionally, we communicate our goals, concerns, and issues to GRF. We host day trips and special functions. One is a mid-July Farmers Market, open to LWV residents to purchase our garden-grown produce, donated by the gardeners. All proceeds are given to charitable non-profits.

**We would love to have you join our big family of gardeners and be part of the fun, comradery, volunteering, learning, and sharing of gardening ideas!**
