STAFF REPORT

DATE: June 18, 2018

FOR: GRF Media and Communications Committee

SUBJECT: Marketing and Communications Activities Report May 2018

RECOMMENDATION

Entertain a motion to approve Marketing and Communications Report.

BACKGROUND

Media and Communications Staff prepare a monthly report for MACC. This report includes, but is not limited to, Marketing and Communications Activities, Docent Tours and New Resident Orientations.

DISCUSSION

VMS Staff continues to proactively engage, inform and service residents. Effective and innovative communications is an essential hallmark of the efforts. The attached report illustrates recent engagement efforts through the iContact direct email service that is used to disseminate news and information impacting the way Village Residents live, thrive and play. There are eight contact lists which include Contractors, Real Estate Agents, Village Residents, Employees (with VMS emails) and four boards. The average open and click rates illustrate strong interest and engagement in the content disseminated.

Docent Tours continue in efforts for marketing potential residents. Docent Tours occur every Thursday at 1 p.m. and the fourth Saturday of the month at 9 a.m. New Resident Orientations occur once a month for each Mutual presented by Staff and a Board Member. In order to reach out to new Residents, Staff continues making phone calls, writing letters and emailing. Attached reports reflect the activity for these meetings in the month of May. Reports include attendance and how individuals learned about the community.

The workflow is being managed through Trello – an online project management system. Trello tracks work performed by Staff and a freelance graphic artist to streamline content, which include deadlines, run sheets, writing, editing, fact checking, graphic design and submission through iContact. Attached is the report of projects and departments content was created for.

VMS currently obtains a contract with BrandTailers to provide monthly Facebook analytics and PSA's to engage the community and market potential buyers. The attached report provides an update on Facebook analytics which include landing page, page title and sessions.
