

NEM Interconnection Handbook: June, 2015 v 5.1

Return to:

Southern California Edison
Assigned Field Engineer

City / Authority Having Jurisdiction: City of Laguna Woods, CA

SCE Project #: SCE-82730

I, Jordan Wiley, hereby certify that:

1. The existing customer switchgear or the customer's residential service panel has been altered to allow the interconnection of the generating facility to the source side of the customer's main breaker; and
2. The altered customer switchgear or customer's residential service panel continues to meet UL certification requirements or that the modified equipment has been recertified for its new configuration.

Name & Title: Jordan Wiley Inspector
