

Painters can learn to use design elements as a way to enhance their work in all mediums. Class will cover composition and color theory, plus ways to speed up your painting and develop skills. Students may bring in samples of their work to the first class for critique. Penni has studied at Parsons School of Design, Fashion Institute of Technology and the Cleveland Institute of Art; teaches and critiques watercolors, acrylics and photography; and in 2015 was inducted into the International Educator's Hall of Fame.
